Day 1

"Cape Town"

Durbanville

I will meet you at Cape Town airport and take you to our little paradise in Durbanville, where we will gladly offer you a snack and a drink.

Day 2

"Cape Town, the city that has everything"

Durbanville

We start by climbing one of the 7 wonders of nature

"The Table Mountain", the views are breathtakingly beautiful.

The easiest route to climb this 1085 meter high mountain is the Platte Gorge route. You start nearby the cable car station and you actually walk to the top on a staircase made of rocks.

An average walker takes about 2,5 hours to reach the top, and later on we use the cable car to go back down.

After a late lunch we explore Cape Town and visit the shops .

stroll through the Green Market in the center and end off at the V&A Waterfront, a typical cozy harbor with nice restaurants, pubs and beautiful shops.

Day 3

"A day along the Cape Peninsula"

Durbanville

You have an interesting and beautifully filled day ahead, because today we are taking you along the Cape Peninsula on the **"Peninsula Tour"**.

We start in the coastal town of **Hout Bay** where we sail to **Seals Island** by boat, a rock formation to snorkel among the hundreds of fur seals that make their home there.

Chapman's Peak, a picturesque mountain pass that connects Hout Bay with **Noordhoek** and one of the most beautiful coastal roads in the world. We drive on through the rugged coast to the most South-western point of the African continent, **"Cape Point"** where the Indian and the Atlantic Ocean meet. We offer the possibility of a walk there to experience enchanting views over the ocean and the mountains to **the Cape of Good Hope**.

On the way back we pass the picturesque coastal villages **Simon's Town**, **Kalk Bay** and **Muizenberg**, the latter is a real surfing paradise.

Day 4 **"Cape Town, viewed differently"**

Today we visit the slums, because this is also part of the daily reality in South Africa. The **"Township Tour"** starts in **District 6**, where we follow a brief explanation about the history of this neighborhood, in which thousands of people were driven out of their houses during the Apartheid years. Then we continue to Langa, the oldest township in Cape Town. We do this tour in collaboration with a local organization, managed by people who are living inside the townships themselves. This way we get to know the residents up close and personal. We also visit some of their employment projects.

Day 5 **The Garden Route "Hermanus"**

Today we start with the garden route. We drive along the wonderful coastal road and stop at **Betty's Bay** for an adventurous walk to **The Leopardskloof**. We visit "Stony Point" with its African Penguin Colony. The journey continues to **Hermanus**, known for its whales that can be spotted from the coastline, the town also offers a variety of nice shops and restaurants.

Day 6 **The Garden Route "Mossel Bay"**

Arrived in Hartenbos Private Game Lodge, a small (860ha) unique game park. In the afternoon there is another safari in **open jeep with ranger** and we cross the most beautiful landscapes.

Day 7

The Garden Route "Big 5"
 70 KM

 Hartenbos Private Game Lodge

When we talk about the hidden treasures of South Africa, this is certainly one of them! Nestled in the green hills of the Outeniqua mountains in the heart of the Garden Route we find "**Botlierskop**" **safari park**. On this 6000 hectar game reserve we will meet various wild animals face to face during a **horseback safari**. In the afternoon we do another **open jeep safari**, guided by a park ranger.

Day 8

The Garden Route "Knysna "
 120 KM

 Knysna

On the way to the lagoon we stop in Wilderness for a **Quad riding** . **Knysna** is considered to be one of the most beautiful coastal villages of South Africa, largely thanks to its beautiful lagoon. You can either go on a **cruise** from the **waterfront onto the lagoon** .

Day 9

The Garden Route "Plettenberg Bay Tsitsikamma"
 150 KM

 Plettenbergbaai

Tsitsikamma National Park is particularly known for the beautiful rainforest and the breathtaking coastline of no less than 80 km length. We do a walking route to the **77 meter long suspension bridge** over the Storms River, or we **kayak** inland. In order to get a better view on the beautiful scenery you can also '**zipline**' through it, whereby you literally fly through the rainforest, 30 meters above the ground. For the real daredevils amongst us, we recommend a **Bungee jump** from the Bloukrans Bridge, just outside the park. With a fall of 216 meters this is the highest Bungee jump off a bridge in the world.

Day 10

The Garden Route "Oudtshoorn" 150 KM Oudtshoorn

Welcome to **Oudtshoorn**, the ostrich capital of South Africa. We visit one of the **ostrich farms** to better get to know these special animals. Afterwards we continue to **Buffelsdrift safari park** for a "**Meet & Greet**" with the elephants. We will spend 2 nights here in a luxurious Guesthouse near Oudtshoorn.
